

MARCO MESSINA: Children's Music Laboratory (CML)

Dear teachers,

CML Course, November 10-12, 2017

I'm happy now to announce the first meeting of the new course for Children's Music Laboratory in The Netherlands. We will do our first meeting and introductory course from November 10th-12th, 2017 in Den Haag, so from Friday afternoon until Sunday morning, at the studio of Liesbeth Bloemsaat-Voerknecht, Plein 19C, 2511 CS Den Haag. The studio is only 7 minutes walk from the train station "Den Haag Centraal". During the meeting there will be also Liesbeth's students for a small demonstration. I hope that everyone is available for these dates. I can not be exact in timetable at this time because the airlines do not give even news for the month of November.

CML is a "path"

I'd like remind you that the CML is a path that can be "used" like "preparatory and parallel" in Suzuki Method, but also in traditional music schools or even like a full formative musical activity in nursery and primary schools.

So if you know people who might be interested in joining the course, please let them contact me. Then we might be able to involve not only Suzuki teachers wishing to pursue musical activities with very young children.

Application

I invite you to fill out the application form and send it to international@musicalgarden.it

For any further information please contact me or:

Dr. Liesbeth Bloemsaat-Voerknecht, to: liesbeth@florisatus.nl
